NOTE: SIGNATURE ON THIS ADDENDUM DOES NOT SUBSTITUTE FOR YOUR SIGNATURE ON THE ORIGINAL PROPOSAL DOCUMENT. THE ORIGINAL PROPOSAL DOCUMENT MUST BE SIGNED.

Attachment-1

- Q1: Will Fairfax already have their own PACS system to store Dental x-rays and TB clinic x-rays?
A1: The Health Department has a cloud based PACS system to store TB clinic x-rays. Dental does not have digital x-ray, therefore in Requirement SA-72 we request ability to scan in to the record. Per Requirement SA-158, we are requesting that selected vendor work with the Health Department to identify digital Dental x-ray equipment/storage to integrate with proposed electronic Dental record solution.
- Q2: How many concurrent users/ IT staff support the CBH billing solution today?
A2: There are about 10 concurrent users/IT staff supporting the CSB billing solution today.
- Q3: Reference Addendum No. 3, Item No. 1. Please confirm our interpretation of the revised CM33. The County DOES NOT require the ability to receive, adjudicate, and pay claims. The County is looking to upload/consume encounter data with the purpose of building comprehensive care records for clients, including the ability to leverage that data for reporting and other purposes. Is this accurate?
A3: The County does not require the ability to adjudicate and pay health care claims. CM33, as revised, references the capacity to leverage EDI data, including but not limited to encounter data which is derived from health care claims, for the purposes of building comprehensive care records, reporting and other purposes.
- Q4: Our company is planning on presenting two proposals; one for the on-premise solution and one for the cloud solution. I understand that you are requesting two separate proposals. On those tabs where the proposal is identical, such as Tab 9, can we submit on one proposal please?
A4: Please reference Special Provisions, paragraph 14.2. Offeror's wanting to propose both on-premise and hosted solutions must provide two complete and separate responses, one for each type of solution.
- Q5: We respectfully request that Fairfax County grants a one week extension on the due date please.
A5: Please see Addendum 4, issued August 16, 2018. The proposal due date and time is September 5, 2018 at 11:00 A.M. EST.
